Germany Wants Black Republic to Pay Indemnity.

LUEDERS CASE THE CAUSE OF THIS.

If a Good Round Sum Is Not forthcoming Promptly, the Dogs of War May Be Turned Loose to Enforce Payment.

BERLIN, Nov. 12.—The German warship Gefion is under orders to sail for Port au Prince, Haiti, this month, in order to insist upon redress for the arrest there of Herr Lueders, a German subject, and his unlawful imprisonment, for which Count Schwerin, the German minister at Port au Prince, has demanded an indemnity. Lueders is now believed to be in Germany, having been released from prison in order to avoid further complications upon the part of the natives of Port au Prince, who threatened to mob the German legation and lynch Lueders.

The fitting out of the warship is being hastened as much as possible. The officials of the German office do not believe the matter will be adjusted for some time to come, because the Haitian government has assumed a stubborn attitude. The German newspapers are blaming the government for the delay in bringing Haiti to terms.

Previous advices from Port au Prince reported the trouble which has arisen between Haiti and Germany, causing the German minister, Count Schwerin, to haul down his flag and insist upon the payment of an indemnity for the arrest of the young German named Lueders, though the name was originally made out to be Linders. The German version of the affair is that Lueders was sentenced to pay a fine of \$48 and to undergo a month's imprisonment for resisting a policeman, which Lueders denies.

Thereupon he demanded a second trial and obtained it. Witnesses testified that they had not seen him strike the policeman; but, in spite of this, Lueders was resented, this time to pay a fine of \$500 and to undergo a year's imprisonment. The original trouble between Lueders and the policeman, it is claimed in the former's behalf, was due to the latter forcing his way into his residence, contrary to law, in order to arrest one of his servants.

After Lueders' second trial, the German minister took the matter in hand.

and on Oct. 17 he went to the president of Haiti, Augustin Simon Sam, and demanded in the name of the German emperor that Lueders be set at liberty, and also demanded for every day the latter had spent in prison, 23 days in all, an indemnity of \$1,000 in gold. The minister added that for every other day Lueders was kept a prisoner after Oct. 17, the representative of Germany, would demand an indemnity of \$5,000 in gold.

President Sam at first refused to grant the minister's demand, and Lueders remained in prison six days longer. Thereupon the German minister notified the Haitian government that he had hauled down his flag and had sent the archives of the German legation to the legation of the United States, thus severing all diplomatic relations with the government of Haiti.

The action of the German minister caused a great deal of excitement at Port au Prince. There were threats to lynch the prisoner, the life of the German minister was threatened and it was proposed to attack the legation. Acting upon the advice of his counselors, who were not desirous of precipitating further trouble, President Sam released Lueders, who went first to New York and thence sailed for Europe the same day.

Out of the Fold.

PRINCETON, N. J., Nov. 12.—Professor Charles W. Shields of Princeton university formally left the Presbyterian church yesterday, when he arose at the special session of the New Brunswick presbytery and, announcing that he was acting from conviction, begged to be excused from further deliberations of the synod. He at once left the church in which the session was held.

Bookmakers Win Their Case.

ST. LOUIS, Nov. 12.—In the court of criminal correction Provisional Judge Sidener sustained a motion to quash in the cases of the 15 defendants recently arrested for pool selling and bookmaking, and they were discharged. He declared that the breeders' law, enacted by the last legislature, under which these arrests were made, was unconstitutional.

A Youthful Murderer.

BROWNSVILLE, Tex., Nov. 12.—A Mexican boy named Bernardo Salazar, aged 16, has shot and probably fatally wounded two old women and two little girls, aged 2 and 4 years. BOUND FOR THE POLE.

A New Aspirant For Honors as an Arctic Explorer.

MONTREAL, Nov. 12.—Captain Bernier of Quebec, who intends to try to make a trip to the north pole, will start on March 1 in the Windward, which was used by the Jackson-Armstrong expedition, from a point which he will not name, but which is on the north coast of Siberia. His crew will consist of a geologist, a surgeon and five men, or eight in all, including himself.

He intends to travel at the rate of six miles a day, making the journey to the pole in 120 days. His mode of traveling will be with dogs and reindeer, especially the latter, on account of their meat as well as their service.

He intends to send the Windward back from Siberia after disembarking his outfit, as he expects to return to Spitzbergen, where supplies will await him. He will be provided for 2½ years. He has already received three applications, but all applicants must be Canadians, British subjects, no matter of what nationality. The trip he expects to make will cost not more than \$50,000.

PRACTICALLY PRESIDENT.

Robert T. Lincoln Chairman of Pullman Company's Executive Committee.

CHICAGO, Nov. 12.—A meeting of the directors of the Pullman Palace Car company was held yesterday. Robert T. Lincoln was elected a director.

The most important action taken was the appointment of an executive committee, consisting of H. E. Hulbert of New York and Marshall Field and Robert T. Lincoln of Chicago, which will have charge of the general affairs of the company. Robert T. Lincoln was elected chairman of this committee.

The election of a president to fill the vacancy caused by the death of George M. Pullman was postponed. Yesterday's action, however, practically makes Mr. Lincoln president of the Pullman company.

Mining King Robbed.

CHICAGO, Nov. 12.—Joseph Ladue, the Klondike mining magnate and founder of Dawson City, was robbed last evening either on board the Lake Shore limited or shortly after leaving the cars. Ladue arrived here from New York and entered a carriage to go to his rooms at the Newberry apartment building. He placed his hands in his overcoat pockets and discovered that he had been robbed of \$700 worth of Klondike nuggets which he had carried as samples of the product of his mines. He at once drove to the Central station and reported his loss, but there appears to be little chance of recovering his gold.

THORN'S GOOD LUCK

His Trial For Murder Comes to a Sudden Standstill.

MAY NOW SECURE CHANGE OF VENUE

Operation Performed Upon Juror Larsen For Appendicitis Has the Effect of Rendering Him Totally Unfit For Jury Duty.

LONG ISLAND CITY, N. Y., Nov. 12.—The trial of Martin Thorn for the murder of William Guldensuppe came to a sudden stop yesterday when it was announced that Juror Larsen, taken sick the day before, was so ill that he would not be able to attend the trial for some time to come. Indeed, it was reported in the courtroom that there was a possibility of his illness proving fatal. This may mean a change of venue in the case, besides the necessity for a new trial.

It would be next to an impossibility to secure an entire new jury in Queens county now. Mrs. Nack's confession has led every man to declare that Thorn is guilty. All doubt is swept away, and the lawyers on both sides concede that a taleman who could go into the jury box without carrying an opinion with him would be a rarity.

Mr. Howe, Thorn's counsel, holds that there is doubt in the minds of many as to which of the defendants really did the killing. He says that Mrs. Nack's testimony has only gone to show that she was the one who fired the fatal shot and dismembered Guldensuppe's body. She turned state's evidence, he says, to shift the blame for the actual murder.

Drs. Lanehart, Strong and Burnett later in the day held a consultation at Garden City in the case of Juror Larsen. At its conclusion they announced that the only hope of Larsen's recovery lay in an operation. They said that Larsen was in danger of death from appendicitis and that they had so notified his wife.

An operation was performed on him in the evening, with, so far as present appearances go, a favorable result. The attending surgeons state that Mr. Larsen will probably be able to be out within two weeks, but that he will not be fit to do jury duty in such an important case.

Why Mrs. Nack Confessed.

NEW YORK, Nov. 12.—The Rev. Robert H. Miles, pastor of the Ravenswood Presbyterian church, Long Island City, who has been visiting Mrs. Nack since she has been in jail there, said yesterday:

"Mrs. Nack did not confess because she had been promised anything. She confessed to ease her conscience and because religion had finally touched her heart. Mrs. Nack's words on the witness stand yesterday, 'For conscience, for God, for the people and to be at peace,' gave the real reason for her divulgence of her part in the awful crime."

Mr. Miles declares that it was evident on Sunday last that Mrs. Nack was anxious to ease her mind and that he said to her:

"I do not want you to confess to me. That would be humiliating to you. You can confess to your counsel or to whatever official you wish."

Unknown Men Suicides In Philadelphia.

PHILADELPHIA, Nov. 12.—A man apparently of position and refinement, whose identity has not been clearly established, committed suicide late yesterday afternoon at Green's hotel, at Eighth and Chestnut streets, by inhaling illuminating gas. He was about 35 years old and a Frenchman. He came to the hotel on last Tuesday and signed the register as "William Rousseau, tourist." His appearance was that of a well educated man, and his clothing was of excellent quality. He was shown to a room on the second floor. But little attention was paid to his coming and going until yesterday afternoon, when attaches of the hotel detected a strong odor of gas. It was traced to Rousseau's room, and when the door was forced he was found lying on the bed dead.

Pol emus May Not Recover.

NYACK, N. Y., Nov. 12.—William C. Polhemus, aged 25, the son of Dr. J. O. Polhemus, was thrown from his buggy while driving through this place. His skull was fractured at the base of the brain and a blood vessel in the head ruptured. Polhemus is in a critical condition and there is little hope of his recovery.

Canada Wants World's Bicycle Meet.

TORONTO, Nov. 12.—At a meeting of the executive board of the Canadian Wheelmen's association it was decided to ask the co-operation of the League of American Wheelmen in securing the world's amateur meet for Canada in 1898. The meet is to be held in Vienna in 1898.

Durrant's Execution Postponed.

SAN FRANCISCO, Nov. 12.—Durrant did not hang today, the court having granted a stay of the execution on a writ of probable cause. Durrant's counsel contended that he should not be hanged until official news of the supreme court's decision is received.

Her Trial Again Postponed.

MONTPELIER, Vt., Nov. 12.—The Mildred Brewster murder case has again been postponed and is now set for Monday, Nov. 22. The reason assigned is that expert medical witnesses for the defense are not ready.

CHANGES HIS PLEA.

Murderer Kelley Creates a Sensation in Court.

DOVER, N. H., Nov. 12.—There was a sensational and remarkable development in the Kelley murder trial yesterday when Joseph E. Kelley, the murderer of Cashier Stickney of Somersworth, addressed the court in a clear voice and said he wished to retract his plea of not guilty and plead guilty to murder, if the date of his execution could be fixed for the 16th day of January, 1899. He selected that date because he claims he has a contract with the devil until he is 25 years of age, which will expire on that date, and he will be released.

In answer to the question of Chief Justice Carpenter as to his plea, he said:

"Guilty."

Public sentiment has changed somewhat, and the thousands of people who have attended the trial are anxious to know in what degree the prisoner will be convicted. After adjournment Kelley's junior counsel, James Ryan, Jr., approached Kelley and told him that it looked as though he would be made out insane. At this remark from his legal adviser Kelley created a sensation by weeping bitterly, declaring that it was not right, that he is perfectly sane and should hang on the 16th of January, 1899.

TO TRY THE PRINCE.

Newspaper Demands That George of Greece Be Court Martialed.

BRINDISI, Italy, Nov. 12.—Letters received here from Athens say that the torpedo scandal continues to be the sensation of the Greek capital. As first cabled, it had then just been ascertained that the cartridges fitted to the torpedoes during the war between Greece and Turkey were not provided with percussion caps and fulminating mercury. Therefore, if the torpedoes had been needed they would have been perfectly harmless.

The committee of investigation appointed to inquire into the matter decided that two officers, Captains Rastopoulo and Anastasi, must be tried by court martial on the charge of culpable negligence. Captain Rastopoulo, who is now being tried, has asked that Prince George of Greece, who commanded the torpedo flotilla during the war and who was previous to it a great favorite with the masses, be called as a witness.

The court has refused to do this, and the Greek newspapers are publishing vituperative articles on the subject, the antidynastic feeling being so far as to demand that Prince George be tried by court martial. The prince is known to be deeply affected by the scandal and by the attacks made upon him and upon the royal family generally in consequence of this fresh example of the unpreparedness of Greece for an outbreak of hostilities.

ASKING FOR HELP.

Washington Invoked by Philadelphia Agent Naturalization Fraud.

PHILADELPHIA, Nov. 12.—United States District Attorney Beck has sent to Washington for assistance in running out the naturalization frauds which were recently unearthed in this city. Mr. Beck has also notified Secretary of the Treasury Gage that the frauds have assumed gigantic proportions.

While Mr. Beck feels that he is fully competent to handle the cases he prefers that some one higher in authority than he should be present when the cases come up for trial in court, and while Attorney General McKenna may not personally take part in the trials some member of his official staff will be here when the defendants appear before court.

Special Agent John J. Henry of New York has been doing most of the work in connection with the frauds, but he is tired out, and Washington detectives will now be called upon. There have been no additional arrests, but it is expected several will be made in a few days. Young Merrick and Caspar are in jail, having been unable to secure bail.

FOR ALASKA WATERS

Charles H. Cramp Organizes a Steamship Company.

HAS ACQUIRED FIVE BIG STEAMERS.

The New Organization Has a Capital of \$7,000,000, and Its Vessels Will Fly Between San Francisco or Seattle and St. Michaels.

NEW YORK, Nov. 12.—The United States Steamship company has been formed under the laws of New Jersey, with a capital of \$7,000,000 and with Charles H. Cramp, president of the Cramp Shipbuilding company, as its president. The new company has completed arrangements by which it acquires from the International Navigation company the five steamers, Ohio, Pennsylvania, Indiana, Illinois and Conemaugh, and others will soon be added to the fleet.

President Cramp was at the Waldorf last night and said that these steamers will be sent around to the west coast as soon as possible and will fly regularly from San Francisco or Seattle to St. Michaels.

The Ohio is now at the Jersey City dock and will go over to the Philadelphia yards within a few days and there,

CHARLES H. CRAMP.

together with the four others of the fleet, be fitted out under hurry orders and with passengers and freight be dispatched to Alaska and the Klondike goldfields, sending the passengers up the river to Dawson City by the first boats that can make the trip.

The Ohio will be the first steamer to sail and will leave early in December, to be followed by four others, all leaving by March 1. Passengers and freight will be taken from Philadelphia. The Ohio is a steamer of 3,400 tons register and the others are of about 3,200 tons.

The boats will sail down the east coast of South America, touching at the principal ports of Brazil and at Montevideo and go through the Straits of Magellan. They will touch at Valparaiso, Callao and Panama for coal and then up to San Francisco and Seattle, and thence to St. Michaels. To act in conjunction with these steamers a fleet of light draught vessels is being built as rapidly as possible to make the service up the Yukon river.

Mr. Cramp says that the lack of transportation facilities to the Klondike experienced last spring and summer, when all available boats were overcrowded and could not carry a third of the possible passengers and freight, led to the formation of this new company, and he expects from applications already received that these boats will leave here filled to their full carrying capacity.

The Ohio will reach Seattle about the first of February.

Novel Railroad For Klondikers.

TORONTO, Nov. 12.—A company is being organized here to build a railroad to the Klondike. It is proposed to use a system of motive power recently invented here. The principle of the invention is to apply the power direct to every wheel of the cars, doing away with a locomotive, making every wheel of a train a driving wheel and using gasoline as a means of generating steam for power.

A motor is to be placed on every car, and the inventors assert that their plan, besides enabling them to dispense with rails heavier than 60 pounds, will enable trains to climb grades much steeper than are now covered by any railroad in the world.

There have been private trials of the new invention here the past few days which demonstrate the promoters' claim that a train of cars so equipped can mount a grade of one in four.

In Memory of Chicago Anarchists.

BERLIN, Nov. 12.—A meeting of anarchists was held here yesterday to celebrate the anniversary of the execution of the anarchists of Haymarket square, Chicago. Several inflammatory speeches were made, and finally the police, interrupting the diatribe of a female speaker, dissolved the meeting.

Rheumatism Cured in a Day.
"MY 'C CURE' for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by J. E. Mills, Druggist, No. 2 Empire Block, North Street, Middletown."

Mother Gray's Sweet Worm Powders
were successfully used in treating children's complaints by Mother Gray, for years a nurse in the Children's Home at New York. They will certainly remove all kinds of worms, and when a child is feverish, with bad stomach and irregular bowels, they always cure. Pleasant and harmless as milk. Mothers should give Mother Gray's Sweet Worm Powders to their children occasionally through the year. They prevent worm forming. Sold by all druggists. Price 25 cents. Sample sent free. Address Allen S. Olmsted, LeRoy, N. Y.

Worms Cured in 24 Hours.
T. J. Blackmore, of Haller & Blackmore, Pittsburgh, Pa., says: "A short time since I procured a bottle of 'MYSTIC CURE.' It got me out of the bed in twenty-four hours. I took to my bed with Rheumatism nine months ago and the 'MYSTIC CURE' is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the 'MYSTIC CURE' to be what it is represented and take pleasure in recommending it to other poor sufferers. Sold by J. E. Mills, No. 2 Empire Block, North Street, Middletown."

Ladies Can't Shave.
But they can shave Allen's Foot-Ease, a powder for the feet into their shoes and get rest and comfort. It cures corns, bunions, thirls, swollen, sweating feet. 10,000 testimonials. At all druggists and shoe stores, 25 cents. Sample free. Address Allen S. Olmsted, LeRoy, N. Y.

Doctors Prescribe It.
"JERSEY CITY, N. J., March 2.—My physician recommended Allen's Foot-Ease, the powder for aching, sweating feet, corns and bunions. I shake it into my shoes, and am delighted with it. D. D. Clark." At all druggists and shoe stores, 25 cents. Sample free. Address Allen S. Olmsted, LeRoy, N. Y.
